The Unnayan Onneshan is a progressive think-tank that undertakes research for advancing ideas and building constituencies for social transformation. The Institute advances critical scholarship, promotes inter-disciplinary dialogue and amplifies grassroots perspectives. The public-interest research institute works in collaboration with national partners, international organisations and leading universities. The Unnayan Onneshan was registered in 2003 as a not-for-profit trust to contribute towards search for solutions to endemic poverty, injustice, gender inequality and environmental degradation at the local, national and global levels. The philosophy, ideas and actions of the organization focus on pluralistic, participatory and sustainable development and seek to challenge the narrow theoretical and policy approaches derived from unitary models of development. The mission is to champion innovation for exploring paths of social transformation towards a world, free from poverty, injustice, gender inequality and environmental degradation. The purpose is to provide innovative ideas, alternative perspectives and critical approaches with a view to building constituencies for progressive transformation of people, environment, economy and society.
